CUMING BUTLER, *Hon. Secretary.*

Monday, 9th July, 1906.

FIFTY-NINTH ANNUAL REPORT.

YOUR Committee beg to submit to the Governors their report for the year ended 31st March, 1906.

Numbers Benefited. The Institution continues to extend its benefits to an ever-increasing number of blind persons. The total number for the year was 673 (against 660 in 1904-5), made up as follows:—

Resident Pupils	175
Day Pupils	8
Teachers	10
Canvassers	4
Day Workers	76
Travellers	5
Clerk	1
Porters	2
Pianoforte Tuner	1
Domestic Servants	2
Middlemore Trust Beneficiaries	14
Adult Blind	375
Total					673

Health The general health of the pupils of the Main Institution and the Kindergarten Branch School has been remarkably good, with the exception of an outbreak of Ringworm at the latter, which has had a serious effect on the attendance of the children in the Schoolroom, as well as on the finances of the Institution. Your Committee have reason to hope that the efforts used to stamp out the contagion will be successful.

Your Committee gratefully acknowledge the assiduous care of the Medical Staff over the health of the pupils.

Education and Training. The Report of H.M. Inspector, Dr. Eichholz, for the year ended 31st March, 1906, is as follows:—

“The Committee have very wisely improved their fabric by the establishment of a new sanatorium, and new and improved sanitary appointments in various parts of the building. All this will tend to improve the general hygiene of the Institution. The domestic and teaching staff continue to exhibit the same care of the children for which the Institution has earned a well-justified reputation in past years. The new branch for young children at Harborne is

equally successful. The appearance and carriage of the young children, as well as their educational training, reflect the highest credit on the Teachers and Matron.

Your Committee are convinced that the Governors adopted a wise course when they decided to establish a Kindergarten School, as the first year's work has amply proved. It is a pleasant sight to go through the new Home for our little blind children, and visitors would be astonished at the extraordinary progress which they have made in this short period. The Kindergarten System is acknowledged to be an exceedingly good method of teaching little sighted children, but it may truly be said to be even more useful in the case of the blind. It is impossible in the brief space of this Report to specify its advantages, but your Committee earnestly invite the subscribers and friends of the Institution to pay a visit to the school and judge of its merits. It discovers and develops latent faculties, and is a means of imparting instruction in a manner most pleasing to the pupils. Its value can scarcely be over-estimated. In the Kindergarten School the mental powers of the children are carefully cultivated, and special attention is paid to their manual training, which in the case of the Blind is of the highest importance. The domestic side of the work also deserves special mention. The care of a family of 40 little blind children is no sinecure; the children's health and wants have to be individually studied, and their pleasures carefully catered for. The happy and even merry faces of our little charges speak volumes for the very efficient way in which all this is carried out.

On attaining the age of 10 or 12 the children are transferred to the Main Institution, where their education and training are continued, but in a more advanced form, the syllabus of work being carefully graded. When 14 years of age pupils spend half-time at the occupation by which they ultimately hope to gain a living, and at 16 they commence full-time work at that occupation.

Music. In the department of Music thoroughly satisfactory work has been done. The instruction commences in the Kindergarten School, where the little children are well grounded, by blind and sighted teachers, in the Rudiments of Music, vocal and instrumental, as well as in the principles of the Braille Music Notation. Additional facilities for the study and practice of music have been granted by the Committee of the Kindergarten School during the year, so that now every possible provision is made for supplying the best tuition. These facilities are extended as pupils become more advanced, so that at the Main Institution the highest branches of Music may be studied by those fitted for them. It

is a well-established fact that the Blind are not more musical than the Sighted, and only a small percentage of them are sufficiently gifted to permit of their being trained as professional musicians; but inasmuch as they are cut off from the many pleasures of sight, and as a result possess greater powers of memorising and of concentration of thought, it is only natural that music should have an even greater charm for them than for the Sighted. It is on account of the elevating enjoyment that the pupils derive from music that your Committee feel they are justified in granting facilities to all pupils to acquire a knowledge of it. It is, however, never allowed to interfere with the other and often more important pursuits of the pupils.

During the year, Messrs. Novello & Co. have purchased from F. W. Priest, A.R.C.O., a Gardner Scholar of the Institution, the copyright of a Pastorale in D for the organ. F. W. Priest, A.R.C.O., and Albert Robbins, A.R.C.O., hold Organists' appointments at Meriden Church and Rowington Church, respectively, and are allowed leave from the Institution each week-end to attend to their duties. Both are giving entire satisfaction.

Pupils The following pupils have left the Institution during
Left. the year 1905-6:—

John J. Banks, Richard Chandler, Edward H. Taylor, Minnie Dent, and Maud Webber. Training completed. Now employed in the Trading Department of the Institution.

Alice Hickman.—Employed as a Domestic Servant at the Institution.

Charles G. H. Price, Frederick J. Wheeler, Ann Green, and Elizabeth Savage. Training completed. Left to commence in business.

Alice West. Appointed Assistant Teacher of the Blind under the Nottingham Education Committee.

William I. Bleakley, and Sarah E. Humphries. Transferred to other Institutions.

Thomas H. Griffiths, Mary A. Everitt, Maggie Milledge and Agnes Taylor. Withdrawn before training was completed.

Ernest T. Warner, Jessie Lemon, and Alice Ward. Left on account of ill-health.

Edgar C. Davies, Howard E. Parrock, William C. Rogers, George Taylor, and Gladys E. Taylor. Removed as being unsuitable.

**Middlemore
Trust.**

Fourteen ex-pupils have been assisted from this fund, to the extent of £58, to aid them in the pursuit of a living.

**"After
Care."**

With the object of ascertaining the present condition of former pupils, your Committee caused enquiries to be made of all who have entered and left the Institution since the Blind and Deaf Children Act came into operation on 1st January, 1894. The chief result of the enquiry was to prove that after the training of the pupils is completed they can be best provided for in the future by being employed in an Institution Workshop. In proof of this it is only necessary to state that the workshop employees received on an average 14s. 2d per week, against 6s. 4d., the weekly earnings of the Home workers.

Your Committee have decided to systematically and periodically enquire into the state of, and endeavour to keep in touch with, all blind persons who have passed through the Institution.

Trade

The sales amounted to £10,270, being £1,765 in excess of last year, and the total amount paid to the Blind Pupils and Workers, in wages and augmentation, to over £3,000. The total amount of augmentation was £547. Of this sum, £118 was contributed by the Workpeople of Birmingham factories, and in subscriptions and donations from other friends. The Blind Canvasser of the Institution, H. W. Haydon, who appeals on behalf of the Fund, began his work on 1st January, 1906, and your Committee consider the results of his first three months' canvass very satisfactory. They take this opportunity of cordially thanking the Working Men and Women of Birmingham for their splendid response to Mr. Haydon's appeal, and assure them that their kindness to the Blind is very highly appreciated. The inauguration of this Special Fund has enabled the Committee to give a substantial increase to the Blind Workers.

Your Committee are convinced that Workshops in connection with Institutions for the Blind are the only adequate and satisfactory method of dealing with the large majority of trained blind workers. Eighty-five blind workers are now engaged in the Trading Department, and your Committee are anxious to provide employment for as many as possible of the forty-five others resident in Birmingham, who are willing to work. They sincerely thank the many kind friends who have made it their duty and pleasure to assist the Blind by purchasing the goods they make, and ask for a continuance and extension of patronage.

It was mentioned in the last Report that Willow-peeling had been started. The experiment proved that as an industry for the Blind it was not a success, inasmuch as it did not furnish more than half a living wage, and it has been discontinued.

Great progress has recently been made in the Boot-repairing, the Knitting, and the Pianoforte Tuning Departments, and all promise to become successful, although they are not yet on a proper commercial basis. In the Tuning Department, not only are Pianofortes, Harmoniums and American Organs tuned, and in many instances repaired, but a considerable number of these instruments are received and thoroughly renovated in a most creditable manner. All the boots and shoes of the pupils of the Main Institution and the Kindergarten Branch School are now made and repaired in the Boot Department. The same may be said with regard to the Stockings, etc., and the Knitting Department.

The Annual Concerts, Gymnastic Displays, **Entertainments** and Sales of Work, on eight nights in February and March, 1906, were again an unqualified success, the results being as follow:—

Sales	£176	6	11
Donations	£33	1	2
Profits on Refreshments	£8	11	9
Number of Visitors			2,255

A special feature of the Concerts was that between each item of the programme a few Lantern Slides were shewn, illustrating your Committee's Work amongst the Blind.

The Monthly Gymnastic Displays and Concerts on the first Monday in each month continue to attract a considerable number of visitors.

Structural Alterations The structural alterations specified in the last Report have been completed, and have greatly added to the efficiency of the Institution. In its general equipment the Institution will now, your Committee believe, compare favourably with any modern establishment of the same kind.

Adult Blind Branch. This department of your Committee's work was commenced in February, 1858, its object being to seek out, visit and assist the Aged Blind residing in their own homes in the city and district. During the first year 83 members were systematically visited by one Blind teacher; to-day, two Blind Teachers visit and help 375 blind persons. In most cases a fortnightly call is made. Members are taught to read, and are regularly supplied with portions of the Holy Scriptures, and a variety of interesting books, all in the embossed type. Many receive help in the form of food, clothing, coals, hospital notes, etc. Your Committee desire to tender grateful thanks to all the contributors, and to

tho Lady Collectors for their valuable assistance. In addition to its most useful and important work of home visiting, this Branch acts as a "feeder" to the schools and workshops, thus well serving a double purpose.

The following Pensions have been granted to members of this Branch during the year:—

Four of £10 each from Hetherington's Charity to the Blind.
Two of £6 each from The Society for granting annuities to the Poor Adult Blind.

Two of £5 each from The Clothworkers' Charities for the Blind.

These pensions have all been granted by London Societies, as no benevolent person has yet founded Pensions for the Blind of this city.

Conference. In June, 1905, an International Conference on the Blind was held at Edinburgh, where many matters of importance were discussed. A Paper was contributed by your General Superintendent and Secretary, entitled "The Education of the Blind under the Elementary Education (Blind and Deaf Children) Act, 1893." Mr. Stainsby was appointed a member of the Conference Committee, and of the National Committee for the employment of the Blind.

Royal Commission. On 1st December, 1905, your Superintendent and Secretary, Mr. Henry Stainsby, was invited to appear before the Royal Commission on the care and control of the Feeble-minded, to give evidence with regard to *blind* Defectives. In his evidence Mr. Stainsby showed that, while there are in the country from 100 to 150 blind children who are also mentally defective, no provision is made for dealing with them, and that most of them are either at large or in Workhouses. In Mr. Stainsby's opinion such children could not be properly trained or cared for in existing Residential Institutions for the Blind, nor in Day Classes, and he recommended the establishment of special Residential Schools, where, with proper care, some would certainly develop into normal blind children. With regard to adults, your Secretary advocated that Blind Defectives over the age of 16 should be cared for, protected and controlled, by being placed in suitable Residential Institutions located in the country.

The question of the care and control of Blind Defectives has for many years been a source of great anxiety to your Com-

mittee, and it is hoped that much good may result from this enquiry into their condition. Since the Blind and Deaf Children Act came into operation on 1st January, 1894, twenty-three blind defective children have entered this Institution, and in every instance but one they were found to be so deficient in mental capacity that they could not be materially benefited by the training provided by the Institution, and had to be withdrawn.

Hon. Chaplain Your Committee much regret to record the death of the Rev. J. John Hunt, who for ten years held the post of Hon. Chaplain of the Institution.

They warmly welcome the Rev. Canon Mansfield Owen, who was appointed Hon. Chaplain by the Governors at the last Annual Meeting. Canon Owen has taken up his duties with great energy and enthusiasm.

Staff. Miss F. Cousins, the Head Mistress, has resigned after fourteen years' service, and your Committee desire to place on record their high appreciation of her long and faithful service in the cause of the Blind; they sincerely wish her long happiness in her retirement. Miss Clara E. Bartlett has been appointed in her place.

Gardner Trust. Your Committee again record their appreciation of much substantial help kindly given by the Committee of Gardner's Trust for the Blind, London.

Legacies. Your Committee gratefully acknowledge the receipt of £819 1s. 7d., bequeathed under the wills of eleven benefactors. A full list will be found in the Legacy Account.

Benefactions. The growing interest in the cause of the Blind is well demonstrated by the increasing list of presents of various kinds, invitations to concerts, entertainments, teas, etc., as well as by the pecuniary assistance rendered by many friends. For the second time Mr. and Mrs. C. H. Price, Park Grove, Edgbaston, have organised a concert for the benefit of the Kindergarten Building Fund, and to them and the friends who assisted, your Committee offer their sincere thanks. The amount raised by this concert was the very handsome sum of £120 12s.

To the annual subscribers, the donors, the contributors to the Hospital Sunday Fund and to the Workpeople's Augmentation Fund, cordial thanks are due.

The subscriptions, which may be looked upon as the most certain source of income, amounted to £988 8s. 6d., made up as follows:—

General Fund	£870	4	0
Kindergarten Branch	£53	6	0
Adult Blind Branch	£64	8	6
Total	£988	8	6

This amount shows an increase of £25 2s. 6d. over the previous year. The increase would have been greater but for the unusually large sum lost by deaths and withdrawals (mostly the former), amounting to £62 8s. 6d.

The adverse balance of £1,901 7s. 2d. has been written off by a transfer from the Invested Legacy Account.

Your Committee again appeal very earnestly for additional financial help, in order that the constantly increasing annual expenditure may be met out of the annual income, without obliging the Committee to further encroach on their already depleted invested funds.

In conclusion, your Committee desire to record their thankfulness to Almighty God for what has been accomplished in the past, and they look forward in the earnest expectation of greater things to come.

By order of the Committee,

ARTHUR L. LOWE, Chairman.

G. H. CUMING BUTLER, Hon. Sec.

III. That the Institution shall be supported by Donations and Annual Subscriptions; by payments in behalf of the blind; and the profits arising from their industry.

IV. That the management of the Institution shall be entrusted to a Committee of not less than twelve Governors, together with the Chaplain (who shall be a clergyman of the Church of England), the Trustees, the Treasurer, and the Hon. Secretary, who shall be ex-officio members.

V. That all Annual Subscribers of one guinea and upwards, and all Donors of ten guineas and upwards shall be Governors.

VI. That there shall be an Annual General Meeting of the Governors on such day as the Committee may appoint, to be convened by advertisement at least fourteen days previously, for the purpose of receiving the report of the Committee, passing the accounts, appointing the Officers and Committee for the ensuing year, and for transacting the general business of the Institution.

VII. That at such Annual General Meeting, Subscribers of one guinea a year, and Donors of ten guineas, shall be

entitled to one vote, and every additional contribution of equal amount shall entitle to an additional vote. No Governor whose subscription is in arrear shall be entitled to vote.

VIII. That the Committee shall meet once in every month, or oftener if necessary, and that three shall form a quorum.

IX. That the Committee shall have power to appoint Trustees; to make, alter, or repeal bye-laws, rules, and regulations for the admission, employment, and removal of the pupils; appoint and remove all teachers and servants, and pay such salaries, wages, and allowances as they shall think reasonable; they shall also have power to appoint any of the Governors to be Visitors of the Institution, and shall also have the management and application of the property, funds, yearly and other income.

X. That no purchase of land or premises, or any material alterations or additions be made to any building (beyond necessary repairs) without the sanction of the next Annual or a Special General Meeting of the Governors, to be convened for that purpose.

XI. That the moneys of the Institution may be invested in any investment for the time being authorised or sanctioned by the Court of Chancery or any Act of Parliament as an investment for trust moneys, or in the Debentures of any Company in England, incorporated by Act of Parliament, and paying a Dividend, or upon the Security of any County, Borough, or other Rates, authorised to be levied and mortgaged by any Act of Parliament, or in the Purchase or on Mortgage of Real Estate.

XII. That the Committee shall be empowered to call General Meetings of the Governors for Special Purposes (when and as often as they shall think necessary), and shall also be

The prayers and portions of Holy Scripture to be read shall be appointed by the Chaplain, to whom the general regulation of the religious instruction of the pupils shall be confided.

XIV. That on the Lord's Day the pupils shall attend Public Worship of the Church of England twice, under the care of the Superintendent; but if any are Dissenters, they may, on proper application to the Committee, be permitted to attend their respective places of worship, provided that they are under the charge of some person appointed by their parents or guardians, with the approbation of the Committee.

XV. That any sick inmate, being a Dissenter, may, at his or her request, be visited by a Minister of his or her own denomination.

XVI. That no alteration of these laws shall be made at any Annual or Special General Meeting without the approbation of a majority, consisting of at least two-thirds of the Governors then present; nor without notice of the intention to propose such alterations having been given to the Committee one month previously, and that it shall be announced by them in the advertisement calling such Annual or Special Meeting.

INFORMATION RESPECTING THE ADMISSION OF PUPILS INTO THE INSTITUTION.

COMPULSORY EDUCATION OF THE BLIND.

Since the passing of the Elementary Education (Blind and Deaf Children) Act, 1893, all blind children between the ages of five and sixteen must attend a certified School for the Blind.

APPLICATION FOR ADMISSION.

Persons desiring a "Form of Application" should write to the Secretary. (A fac-simile of the "Form" will be found on pages 41 to 45 of this Report.) When the "Form" is filled up it should be returned to the Secretary.

ELECTION OF PUPILS.

All Pupils are elected by the Committee.

QUALIFICATIONS.

Applicants are eligible for admission until twenty-one years of age, but preference is given to those under sixteen. They must either be totally blind, or not possessed of sufficient sight to be able to read the ordinary school books used by sighted children. They must also be free from bodily and mental defects which would prevent them receiving instruction, or from following some useful occupation.

PROFESSIONS AND TRADES.

Mnsic (theoretical, instrumental, and vocal), Pianoforte Tuning, Shorthand and Typewriting, Basket Making, Brush Making, Mat Making, Chair Seating, Machine and Hand Knitting, Boot Mending.

HOLIDAYS.

There are holidays twice during the year; when all pupils are required to return to their homes: viz.—five weeks at Midsummer, and four weeks at Christmas.

The travelling expenses must in all cases be borne by those who are responsible for the payments.

By a concession of the Railway Companies, all blind pupils leaving Institutions for their Midsummer or Christmas holidays, and returning at the close of the vacations, are allowed to travel the double journey for single fare.

CHARGES.

A uniform charge of £6 11s. 3d. per quarter is made.

This payment *includes* board, lodging, education, and clothing, after the first outfit, but is exclusive of travelling expenses.

All payments must be made in advance.

In case the parents are too poor to make the necessary payments for their child's education, application should be made to the Secretary of the School Authority for the district in which the child resides. The School Authority is bound to take steps to educate the child by sending it to a Certified School until it reaches the age of sixteen. If the circumstances of the parents permit, the School Authority may demand from them a contribution towards the cost of their child's education. The Education Authorities have permissive powers to educate the Blind after the age of sixteen, under Part II. of the Education Act, 1902. The Guardians of the Poor have powers also to make the payments, *after* the age of sixteen.

N.B.—Although payments are made to the Institution towards the maintenance and education of the Blind, it must be clearly understood that *these are by no means sufficient for the purpose*, the remainder requiring to be supplied by the benefactions of the Charitable.

TO BE ANSWERED ON APPLICATION FOR ADMISSION.

- *These questions need not be answered if the applicant is under sixteen years of age.

PREVENTION OF BLINDNESS.

ADVICE TO MOTHERS AND NURSES.

It cannot be too widely made known that many persons are blinded every year by diseases which are preventible and curable. The most destructive of these diseases is the *Ophthalmia of new-born infants*. Nearly one-third of the present inmates of this Institution owe their blindness to this cause, and the same high proportion has been found in other schools for the Blind. It is not too much to say that in nearly all these cases the eyesight might have been saved by proper treatment at the commencement of the disease. The disaster usually arises through ignorance of the danger and consequent delay in obtaining medical treatment.

This form of Ophthalmia is due to the infection of the baby's eyes with irritating matter during or very soon after birth. About the third day after birth—sometimes earlier, sometimes a little later—the child's eyelids become red and swollen, and begin to discharge yellow matter. *This is the sign of danger.* Skilled medical advice should be obtained without a day's delay, and in the meantime the baby's eyes should be thoroughly and frequently cleansed in the following way:—

Place the baby on its back, with a cloth under the head; separate the eyelids gently with the thumb and finger, and with a bit of soft, clean rag drip warm water freely into the eyes, so as to wash away the matter as thoroughly as possible. Work the lids about gently over the eyes so as to bring the

matter out from underneath them, and do not be content till you have got it all away. Repeat this, in a bad case, at least every hour through the day, and every two hours through the night. In addition to this the drops or solution ordered by the medical man must be regularly and carefully used according to his directions. If this treatment be begun at once the eyes will probably be out of danger in a few days. If it be neglected they may be permanently blinded within a fortnight.

Caution.—The discharge is very catching. Be most careful that no particle of it finds its way to your own eyes. Burn every bit of rag after you have used it, and wash your hands thoroughly.

In Maternity Hospitals and similar Institutions for the help of women of the poorer classes, this disease was formerly very common. It has now been almost banished from such Institutions by the routine practice of dropping into the eyes of every infant, immediately after birth, one drop of a 2 per cent. solution of nitrate of silver. The non-infected infants are not injured in any way thereby, while the infected ones are saved from possible disaster. The general adoption of this practice, especially among the poorer classes, would undoubtedly diminish the number of persons blinded from birth to a very considerable extent.
